

TRUE SECURITY CAN NOT BE WON with weapons or violence. We are secure only when all people—not just ourselves—enjoy freedom from fear, access to food, shelter, health care, and hope.

We can not secure ourselves with empire or oil; we can not secure ourselves with the lies of racism; we can not secure ourselves by threatening the rest of the world with destruction.

If you believe this, join us on August 5 to stand for true security and against the lie of nuclear weapons.

*The first step to peace
is creating it
in our imaginations.*

On Saturday, August 5 in Oak Ridge we will gather in the spirit of nonviolent community. We will celebrate life with singing, dancing, laughing, praying, chanting. We will breathe hope and create peace. Please join us!

CREATE TRUE SECURITY — STAND TOGETHER FOR PEACE

WHY Y12?

The Y12 Nuclear Weapons plant in Oak Ridge, TN produced the highly enriched uranium that destroyed Hiroshima, Japan on August 6, 1945

Today, Y12 continues to actively produce thermonuclear components to extend the life of warheads in the US arsenal for another 100 years.

Tomorrow, Y12 plans to build a new \$2 billion bomb plant to produce a new nuclear warhead—the Reliable Replacement Warhead.

WHAT CAN YOU DO?

COME STAND WITH US AUGUST 5 against nuclear weapons production at Y12 and send a powerful message to the government. No more double standard. No more money wasted on the false security of nuclear weapons. No more money for war profiteering, for empire, for racist weapons of mass destruction.

NONVIOLENCE TRAINING

It is likely that some people participating in the weekend activities will feel compelled to consider acts of civil disobedience. OREPA encourages anyone contemplating such an action to consider carefully the consequences; we also encourage people to make sure they have adequate support, individual and community, before undertaking such an action.

OREPA will provide an opportunity for nonviolence training and affinity group formation on Friday, August 4. If you are considering civil disobedience, we urge you to contact us and to attend Friday's training. OREPA's Nonviolence Handbook is available in pdf format on the website: www.stopthebombs.org.
